CWEA recognizes MCWD Collection System and Laboratory Supervisor

The Mammoth Community Water District has won the Sierra Section Collection System of the Year Award, and the Laboratory Supervisor was recognized as the Laboratory Person of the Year.

Mammoth Lakes, California – The Mammoth Community Water District and Laboratory Supervisor, Bruce Medhurst, were recognized by the California Water Environment Associate (CWEA), Sierra Section for 2023 awards. The District was named the Sierra Section’s Collection System of the Year in the small plant category (5 MGD), and Mr. Medhurst received the Sierra Section’s Laboratory Person of the Year award. The Collection System of the Year award is given in recognition of outstanding maintenance programs, regulatory compliance, and safety and training procedures, and is awarded in three categories, small, medium and large. The Laboratory Person of the Year award recognizes involvement in projects that advance the science of laboratory technology and an individual’s contributions to CWEA.

The District would like to express special appreciation to Bruce Medhurst and the Maintenance Department for making this award possible through their daily contributions.

The award was presented at the CWEA Sierra Section Awards Banquet on March 23rd, at the Atlantis Casino Resort in Reno, NV.
