

## News Release

Mammoth Community Water District  
PO Box 597, Mammoth Lakes, CA 93546  
760-934-2596

**FOR IMMEDIATE RELEASE: January 8, 2025**

**CONTACT: Clay Murray, Superintendent of Operations**

### **MCWD Releases New Capacity Fee Study**

*Capacity (Connection) Fee Study Draft Report is available for review.*

---

#### **Mammoth Lakes, California –**

Periodically, the Mammoth Community Water District (MCWD/District) conducts a study to evaluate whether the capacity (connection) fees charged for new or expanded water and sewer services properly reflect the cost of the service provided. District staff recently identified the fees currently in place that need to be updated to accurately reflect the asset value and the number of customers utilizing the system.

In June 2024, the District began work with a consultant, Robert D. Niehaus, Inc. (RDN), to evaluate current fees and make recommendations for appropriate changes to our capacity/connection fee structure. The draft report from RDN is now available for the public to review by visiting the MCWD website at: <https://www.mcwd.dst.ca.us/capacity-fee-study>

The MCWD Board of Directors will consider adopting these revised fees at a Regular Board Meeting to be held on Thursday, January 23, 2025. If you have any additional questions, please contact the District at 760.934.2596.

###

MCWD provides water and wastewater utility service to the Town of Mammoth Lakes and surrounding areas. MCWD strives to provide reliable, affordable utility service to our customers and to conduct our operations in a manner reflecting our stewardship role. We encourage our customers to practice responsible use of our limited water resources, and to take advantage of the information and services available to support this goal.
