Mammoth Community Water District adds Dishwashers to Indoor Rebate Program

In continued effort to promote water conservation, the Mammoth Community Water District added \$200 rebate for dishwashers to help customers save water and money.

Mammoth Lakes, California – February 13, 2020 – The Mammoth Community Water District (District) is committed to supporting its customers in their efforts to conserve water and save money. In February, with Board support, a \$200 incentive for dishwashers was added to the Rebate Program. The rebate can be applied to either new installs or replacement dishwashers for residences located within the District’s service boundary.

“The new efficient dishwashers do not require pre-rinsing and use less than 4 gallons per cycle. In contrast, older dishwashers can use up to 10-20 gallons per cycle and hand washing dishes typically uses more than 20 gallons for the equivalent number of dishes,” states Kris Roberts, Permit Official. Ms. Roberts added, “A standard-sized Energy Star certified dishwasher costs about \$35 per year to run, and will save approximately 3,800 gallons of water over its lifetime.”

In addition to the dishwasher rebate, the District currently offers rebates on toilets, urinals, clothes washers, and pressure reducing valves for irrigation systems. To learn more about the District’s Rebate Program, please visit <https://mcwd.dst.ca.us/rebates>

An advertisement for a \$200 rebate on dishwashers. The background is a photograph of a dishwasher's interior, showing several white plates and a silver cutlery tray. Overlaid on the image is a white rectangular box with a blue header. The header contains the text "Get a \$200 Rebate" in white. Below the header, the text "For New or Upgraded Dishwashers" is written in black. At the bottom of the advertisement, the Mammoth Community Water District logo (MCWD) is displayed in blue, with the full name "MAMMOTH COMMUNITY WATER DISTRICT" underneath. Below the logo, the text "FOR REBATE INFO:" is followed by the website "WWW.MCWD.DST.CA.US" and the phone number "or - 760.934.2596 x223".
